INFO basement | Retail space | centrally located at the station

Shop with large display window in first-class location

The attractive location right by the underpass to Schaffhausen station, between the city and the industrial and residential development, means high footfall and consequently a variety of options for the retail space.

Shops and restaurants are right on the doorstep.

Description of the space:

- Parts of the fittings installed by the previous tenant can be maintained upon consultation
- The space is directly on the slope, creating a bright and welcoming atmosphere

There is a large public car park under the development, where parking spaces can also be rented as required. Please don't hesitate to get in touch. We would be happy to advise you and provide a viewing of the property.

Changes and deviations from the published information and the building specifications are expressly reserved. We assume no liability.
